OUR VISION & MISSION

Infleqtion

# Harness the power of quantum to expand human potential

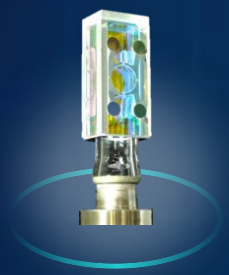
Commercialize neutral atom-based quantum products that provide orders of magnitude improvement in computing and sensing applications

WHAT WE DO

Infleqtion

# We design, build, and sell quantum computers, precision sensors, and software

## Cores



Neutral Atom Cores

## Compute

### Sqale

Neutral Atom Quantum Computer

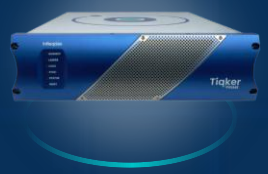
## Software

### Superstaq

Quantum App Development & Contextual ML

## Sensing

### Tiqker



Next Generation Quantum Clock

### Quantum Spectrum

Next Generation RF Sensing

### Inertial Sensing

Precision Gradiometry & Navigation

**One Neutral Atom Platform | Multiple Products | Built to Commercialize Quantum**
