## I. Corporate Commitment to Privacy

ColdQuanta, Inc. dba Infleqtion, together with its subsidiaries and affiliates (collectively “Infleqtion”) are committed to respecting your privacy. This Privacy Policy (the “Policy”) describes how we collect, use, disclose, store and otherwise process information when you use our websites and other online products and services. We urge you to read this Policy so that you understand our commitment to you and your privacy, and how you can participate in that commitment.

## II. Introduction to Our Policy

We at Infleqtion know that our users care how their Personal Data is used and shared, and we take your privacy seriously. “Personal Data” means any information that identifies or relates to a particular individual and also includes information referred to as “personally identifiable information” or “personal information” under applicable data privacy laws, rules, or regulations (collectively the “Data Protection Laws”). This Policy does not cover the practices of companies we don’t own or control or people we don’t manage. For clarity, this Policy applies when Infleqtion acts as a “Controller” (as defined in the General Data Protection Regulation (the “GDPR”) and the version of the GDPR retained in UK law (the “UK GDPR”) or “Business” as defined under the California Consumer Privacy Act of 2018 , as amended by the California Privacy Rights Act of 2020 (the “CPRA”) (all together the “CCPA”).

This Policy describes how we collect, use and disclose Personal Data when you use any of our services, including but not limited to:

- Infleqtion website; which currently includes <https://coldquanta.com> and <https://infleqtion.com>; pages; sites; accounts; or channels accessible through any Internet or wireless enabled device (each, a “Website”);
- Infleqtion online platforms and related offerings;
- Websites or pages created or powered by Infleqtion (collectively, the “Services”)

By visiting or using the Services in any manner, you acknowledge that you accept the practices and policies outlined in this Policy.

You must be 18 or older to use our Services. Minors under 18 and at least 13 years of age are only permitted to use our Services through an account owned by a parent or legal guardian with their appropriate permission and under their direct supervision. We do not knowingly collect or solicit Personal Data from anyone under the age of 13 or knowingly allow such persons to register for the Services. If you are under 13, please do not attempt to register for the Services or send any Personal Data about yourself to us, including your name, address, telephone number, or email address. In the event that we learn that we have collected Personal Data from a child under age 13 without verification of parental consent, we will delete that Personal Data as quickly as possible. If you believe that we might have any Personal Data from or about a child under 13, please contact us at [info@infleqtion.com](mailto:info@infleqtion.com).

By visiting or using the Services, you will be providing us or allowing us to collect Personal Data and also personally consent to the collection, use and transfer of your Personal Data under the terms of this Policy.
